

## MIRA 40 battery powered floor scrubber and trolley

The commercial-grade battery powered Mira 40 scrubber dryer offers a range of functions, including scrubbing, buffing, and stripping all in one machine. With its 1 x 36V Lithium battery and 1500 recharge cycles, the Mira40 can perform for up to four hours cleaning 500m<sup>2</sup>/hour! The winner of the INCLEAN 2019 Innovation Award, Mira 40 has three brush speeds and eight suction speeds, all managed by only one easy-to-use electronic control board. An optional, attachable trolley is also available to conveniently transport the unit.

## CleanSpace ULTRA: A revolution in respiratory protection

CleanSpace Ultra is the perfect choice for the cleaning industry

- High protection PAPR P3/TM3 99.95 per cent
- Reusable and cost-effective
- No belts or hoses
- Comfortable and lightweight 500g
- IP rated 66, water tolerant

CleanSpace recommends the CleanSpace Ultra with a full-face mask. "The feedback we get from those that wear the CleanSpace Ultra full face, is the mask is soft and comfortable to wear all day, and the cool fresh air is a dramatic improvement on what they wore previously," said CleanSpace CEO Alex Birrell. "They have also told us that they don't get any fogging or hot moisture on their face."

## MMG - with customised disinfection misting attachments

COVID-19 has thrown cleaning into the spotlight like never before. But now with advanced technology and cleaning products you can scrub and sanitise in a single pass. Conquest is proud to bring to Australia a customisation which turns your Conquest Floor Scrubber into a 4-in-1 cleaning and disinfection solution.

While the MMG cleans the floor, multiple nozzles above the tank and at the base of the machine electrify and spray the sanitising liquid on the floor, walls, and surrounding furniture, up to a distance of 3 meters.
