

Adjustable brush makes for quick grout cleaning

The Grout Gator cleans grout two to eight times faster than conventional cleaning methods. That's because this patented product comes with four fully adjustable brushes that scrub multiple grout lines simultaneously. In fact, extra brushes can be added onto the head to clean even more spaces at once. The Grout Gator works on tiles 2.5- to 33-cm wide and can be used on all tiled surfaces, including tiled floors, walls, showers, kitchens and toilet areas.

Remove all urine stains and odours for good

Enzyme Wizard's Urine Stain and Odour Removal is an all-in-one product that works on urine from all sources. As the plant-based, multi-function enzymatic formula removes both the water-soluble urea and the uric acid crystals found in urine, it eliminates both the stain and the odour for good. Also, Enzyme Wizard's Urine Stain and Odour Removal is one of the most economical options on the market. This non-toxic product contains no harsh ingredients; is pH neutral, biodegradable and environmentally friendly; and is safe to use around humans and animals.

Mopping has evolved

The Conquest Fimop is a departure from the traditional mop. Not only does it scrub, but this battery-operated machine dries in all directions, leaving the floor safe to walk on immediately after one pass. Its compact design and innovative swivel handle makes it ideal for weaving under tables and chairs, as well as along walls and around displays. Also, the Li-ion battery ensures a quick charge for fast, targeted cleaning.

Tough on graffiti, kind on the environment

Eco Concepts' Graffiti and Stain Remover ticks all the boxes. First, it's effective on a huge range of surfaces, including brick, concrete, plastic, metal, whiteboards and most painted surfaces. It can also combat stains ranging from spray paint and permanent marker to grease and tyre marks. Second, as this product has the Australian Environmental Choice tick and doesn't contain the harmful nasties found in many other graffiti removers, it is safe to use pretty much anywhere. Finally, it's highly concentrated for value.

Multiple uses for new detergent deodoriser fragrance

Rid rooms and surfaces of bad smells with Agar's latest Air Freshener, Sweet Talc. The lingering, fresh-scented deodoriser/detergent has a powerful cleaning action that removes the source of bad odours and leaves behind a pleasant baby powder fragrance. It is ideal for washing and mopping all hard surfaces, including polished floors, tiled areas, fittings, glass and walls. Sweet Talc can also be used as an air freshener in a spray bottle.
