

## Reliable power heads protect themselves from harm

Made in Germany, SEBO ET Powerheads are recognised worldwide as some of the most reliable and well-designed products on the market. They have excellent lint- and hair-removal properties, and are virtually maintenance free. SEBO ET Powerheads heads also feature warning systems that assure consistently effective brush agitation and provide an automatic shut-off if the brush rollers become jammed, protecting the belts and motors from damage. Also, the brush rollers are quick to remove without tools, meaning they can be easily be cleaned or replaced if the bristles are worn.

## Bring more drying power with compact machines

The Velo Airmover from Dri-Eaz delivers unbeatable versatility and maximum airflow in a housing design that's half the height of traditional carpet dryers. At only 9.5 kg and with a slim profile, it's easy to carry two Velos through narrow hallways, doorways and up and down stairways—meaning you can bring more drying power to every job. The patent-pending outlet design ensures even, broad-path airflow for fast, consistent drying across all surfaces. Also, with its multiple operating positions, the Velo can efficiently dry floors, ceilings, walls and stairways.

## Little vacuum offers big advantages

The Stellar 2-in-1 Rechargeable Stickvac is ideal for smaller public areas where extension leads are a hazard. The vacuum runs on lithium batteries that offer up to 50 minutes of operating time and only take three hours to recharge. Offering 25.2 V of power, this machine has a motorised roller brush for carpets and hard floors, as well as a detachable handvac. It also has a 0.6-L dust canister capacity and two speeds, and is ideal for tight spaces as it stores compactly and is quick to assemble.

**REDUCES SCUFFING**

## Dual-action product prolongs life of floor polish

Prolong the life of floor polish and reduce the frequency of strip and seals with regular use of Agar's double-action wash and polish detergent, Scrub 'N' Shine. Specially formulated to increase gloss, this low-foaming detergent cleans the floor, reduces scuffing and helps replenish floor polish, reducing the frequency for top-coating. Easily buffed, the polish has an excellent depth and resists black-marking, making it an excellent addition to a long-lasting floor care program.
