From humble beginnings . . .

Garth & Lisa Michalson started business in 2006 in a small warehouse with just a few boxes of stock.

They had a small child with another bun in the oven, mortgaged their house and were determined to succeed. Garth hit the road with Lisa running the office, taking calls and packing orders.

Cleanstar changed their name early on which worked out great for biz.

Actually it was
HEAVEN SENT!

As the business grew, Cleanstar expanded into **4 WAREHOUSES** in the same street. Then in 2012 they moved into a **45,000 SQ FT WAREHOUSE**
