

## Waterless hand cleanser maintains skin integrity

Bactol alcohol gel is a waterless hand cleanser that contains 70 per cent v/v alcohol and uses natural emollients to replace the skin's lipids, which are removed by the alcohol. The natural emollients in Bactol maintain the skin integrity leaving hands clean, soft and replenished. Developed in compliance with EN1500 testing standard for alcohol based hand rubs, Bactol available in 500ml pump packs or 1 litre pods for use in manual or infrared hand hygiene dispensers.

## Watertight, chemical-resistant floor protector

3M's scotch-guard floor protector produces a glossy, hard surface that is dust-repellent, chemical-resistant and watertight. Due to its powerful water-based formula, no stripping or deep scrubbing is required, eliminating operator exposure to potentially hazardous stripping chemicals. Scotch-guard floor protector is available in options specially designed for stone surfaces like concrete marble, terrazzo and other porous surfaces, and resilient surfaces like vinyl, vinyl composition and solid vinyl tile.

## Easy-to-use dirt and waste collector

SmartSweep is an easy-to-use mechanical sweeping attachment used for the collection of dirt and waste. It requires no hydraulic connections to operate and mounts directly to the fork tines of diesel, LPG and electric forklifts. The SmartSweep has a large waste capacity of 400kg and can be used for both indoor and outdoor applications (in dry conditions only).

## Abrasive disc polishes and refurbishes worn surfaces

3M's Trizact diamond HX discs polish and refurbish worn surfaces to restore them to their best condition. The advanced abrasives leave consistent scratch patterns, maximising efficiency and reducing the number of steps in the restoration process. They are designed to minimise sub-surface damage while maintaining speed, consistency and control. The diamond HX discs are compatible with standard floor cleaning equipment and are available in varying levels of abrasiveness to match different floor conditions.
